

## Central & Eastern Europe: 2024 Grantmaking Guidelines

Boeing maintains a deep and enduring commitment to global community engagement. Our grants support programs that inspire our future, empower our heroes and strengthen the communities we call home. The company’s charitable partnerships and contributions are strategic in focus, promote societal growth and drive positive, lasting change in the communities where we have a presence.

### How to Be Considered for a Grant

**Boeing’s grantmaking is by invitation only. All organizations must be invited to submit a proposal.**

1. Read the Boeing grant objectives to determine if your request aligns any of the following pillars:
  - **Our Future**
  - **Our Heroes**
2. Determine that your organization is eligible for support. Review the [grants exclusion guidelines](#).
3. Contact your local community investor to discuss a proposed project. If your community investor determines that your project aligns with Boeing’s local strategies, you may be invited to submit either a letter of intent (LOI) or a full grant application.
4. If you are invited to submit an LOI it will be evaluated for alignment, viability, measurable outcomes and broad impact. Should your LOI merit further interest, you will be invited to submit a full grant proposal.

### 2024 Grants Timeline (if invited)

### Boeing's Focus in Central & Eastern Europe

The Boeing Company is much respected in Central & Eastern Europe for its products and technologies. As the leading aerospace company, Boeing plays an important role in engineering and state-of-the-art technologies promotion but also engages in initiatives that help shape developed communities. We work within two Boeing's community investment strategies to develop a site-specific plan tailored to the particular needs of our region, focusing our grants on the following strategies:

Our Future  
Tomorrows Innovators

#### Goal:

Create cradle-to-career pathways to strengthen and diversify the pipeline of skilled workers entering today's dynamic labor market. Advance 21st-century skills such as knowledge acquisition, creativity, innovation, critical thinking, problem solving, collaboration, media and technology literacy, self-direction and adaptability.

#### Concentrations:

- **Early Learning & Primary School:** Generate interest and sustained participation in STEM disciplines through hands-on, experiential learning.
- **Middle School & High School:** Boost engineering competences enhanced by such 21<sup>st</sup> century skills as critical thinking, problem solving, systems thinking, and collaboration. Graduate more students who are ready to enter STEM related or other high demand careers and/or STEM focused post-secondary education.

Boeing makes investments to advance the work of organizations focused on 21st century skills development in Poland.

Our  
Heroes

**Goal:** Build better lives for the families of veterans and uniform services employees.

#### Concentration:

- **Family assistance:** Invest in non-formal education to enable personal growth of the members of veterans' families.

Another important goal we want to accomplish is to strengthen uniform services employees' esteem in Poland.
