

2024 ECF Grantmaking Guidelines

Colorado Chapter

The Colorado Chapter Grantmaking Committee is part of the Boeing Employees Community Fund (ECF) - an international network of Boeing employee-funded and operated nonprofit charitable foundations. Grants awarded have typically ranged from \$2,000 to \$5,000, depending on the amount of funds that the local chapter has available at the time of the request and the number of grant requests received during that same year.

Agencies must apply using The Boeing Company's online grant application process provided by our vendor SmartSimple (<http://www.boeing.smartsimple.com>).

ECF focus areas

The Colorado Chapter primarily funds Health & Human Services (H&HS) organization requests from local non-profit organizations (NPO), but has also funded other worthy NPO organizations or efforts related to other fields (education, social support and development, etc.). The main priority for the Colorado Chapter is to support and fund local (Denver and/or Colorado Springs metro areas) NPO organizations that provide a necessary service to the local communities as part of the overall Boeing Global Engagement strategy and Community Involvement.

How to be considered for a grant

Annual Timeline (Calendar Year 2024)

The Colorado Chapter Grantmaking Committee will be collecting and evaluating all grants that were completed and in "Focal Review" state on SmartSimple website no later than Saturday, 15 June 2024. After 15 June 2024, grants in the "Draft" state have incomplete portions and will not be considered for a CY2024 Grant Award. Grant evaluation, analysis and the completion of NPO Due Diligence visits occurs between April - July 2024 and grant awards in Oct/Nov 2024 timeframe.

Only one Grant request can be made each calendar year by the same organization. The Colorado Grantmaking Committee reviews grants with no consideration of "time-sensitive" applications. Grant awards do not necessarily indicate continuing support in subsequent years.

Organization eligibility

- Only organizations that are in good financial standing and have had an Internal Revenue Service designation as a nonprofit 501(c)(3) public charity (or similar designation under the relevant law for international organizations) for at least two years will be eligible to apply for a grant.
- Certain types of organizations will be ineligible to apply for grants including: (1) organizations that denigrate or advocate discrimination or violence toward any racial, ethnic or cultural group; (2) political organizations; and (3) fraternal, sectarian, social, religious, or similar organizations.
- Grant recipients will comply with all applicable laws and regulations of the United States and, where necessary, the nation of registry and/or operations, including, but not limited to, the U.S. Foreign Corrupt Practices Act, the USA Patriot Act, and the U.K. Bribery Act.
- The agency's services must be open to all regardless of age, gender, race, religion, sexual orientation, national origin, and presence of disability, ability to pay or other background. Prioritizing agency services and targeting therapeutic programs to specific populations will not disqualify an agency from consideration. Furthermore, the agency must not discriminate against its staff or volunteers based on age, gender, race, religion, sexual orientation or identity, national origin, and presence of disability, or other background.

2024 ECF Grantmaking Guidelines

All applicants will be required to complete an electronic application that includes a grant proposal and a written agreement setting forth the terms of the grant. The application requires disclosure of the mission statement, the governing board members and their affiliations, the top five highest paid staff members, a breakdown of funding sources, a detailed description of the project for which funding is sought and the community needs that the project will address, the expected outcomes of the project, and the number of people who will benefit from the project.
