

## Japan: 2024 Grantmaking Guidelines

Boeing maintains a deep and enduring commitment to global community engagement. Our grants support programs that inspire our future, empower our heroes and strengthen the communities we call home. The company's charitable partnerships and contributions are strategic in focus, promote societal growth, and drive positive and lasting change in the communities where we have a presence.

### How To Be Considered for a Grant

**Boeing grantmaking is by invitation only. All organizations must be invited to submit a proposal.**

1. Read the Boeing Japan grant objectives to determine if your request aligns to either of the following pillars:
  - **Our Future**
  - **Our Homes**
2. Determine that your organization is eligible for support. Review the [grants eligibility and exclusion guidelines](#).
3. Contact your local community investor to discuss a proposed project.
4. If your community investor determines that your project aligns with Boeing's local strategies, you may be invited to submit either a letter of intent (LOI) or a full grant application.
5. If you are invited to submit an LOI, it will be evaluated for alignment, viability, measurable outcomes and broad impact. Should your LOI merit further interest, you will be invited to submit a full grant proposal.

## Japan: 2024 Grantmaking Guidelines

### Boeing's Focus in Japan

The Boeing Company opened its first office in Japan in 1953. Boeing partnerships in Japan have grown steadily, as has our engagement with communities around the country. Today, we focus on two of Boeing's community investment strategies to develop specific plans tailored to particular needs. The following guidelines help to determine our grant recipients.

#### Goal:

Create cradle-to-career pathways to strengthen and diversify the pipeline of skilled workers entering today's dynamic labor market. Advance 21st-century skills such as knowledge acquisition, creativity, innovation, critical thinking, problem solving, collaboration, media and technology literacy, self-direction and adaptability.

#### Concentration:

- **Primary and Middle School:** Generate interest and sustained participation in science, technology, engineering and mathematics (STEM) disciplines through hands-on, experiential learning.
- **High School:** Graduate more students who are ready to enter STEM-related or other high-demand careers and/or STEM-focused postsecondary education.

Our Homes  
Dynamic Communities

### Goal:

Invest in projects that demonstrate proactive protection of all natural resources, such as rebuilding ecosystems damaged by natural disaster, and that help all community members live healthy and fulfilling lives.

### Concentration:

#### Community Well-Being

- Help local communities to reestablish themselves after the 2011 Great East Japan Earthquake.
- Enrich the lives of children with serious medical conditions and their families.

## Other Types of Support From Boeing

In Japan, we have the opportunity to support organizations in the following ways:

- **Business-Related Sponsorships:** Boeing sponsors select major events, organizations and projects that resonate with our business and brand strategies to enhance Boeing brand presence and visibility with our customers, key stakeholders, employees and the communities where we live, work and do business around the world. For information and an application, please visit our [Sponsorships](#) page.
- **Employee Volunteering:** If you have an opportunity that aligns to our strategy, please contact Miwa Kobayashi, community investor, at [miwa.kobayashi@boeing.com](mailto:miwa.kobayashi@boeing.com).

Before making contact, please determine that your organization meets eligibility; review the [grants eligibility and exclusion guidelines](#). We do not make capital campaign grants.
