Latin America: 2024 Grantmaking Guidelines

Boeing maintains a deep and enduring commitment to global community engagement. Our grants support programs that inspire our future, empower our heroes and strengthen the communities we call home. The company's charitable partnerships and contributions are strategic in focus, promote societal growth, and drive positive and lasting change in the communities where we have a presence.

How To Be Considered for a Grant

Boeing grantmaking is by invitation only. All organizations must be invited to submit a proposal.

1. Read the Boeing grant objectives to determine if your request aligns to the following pillar:
   Our Future
2. Determine that your organization is eligible for support. Review the <u>grants eligibility and exclusion guidelines</u>.
3. Contact your local community investor to discuss a proposed project.
4. If your community investor determines that your project aligns with Boeing's local strategies, you may be invited to submit either a letter of intent (LOI) or a full grant application.
5. If you are invited to submit an LOI, it will be evaluated for alignment, viability, measurable outcomes and broad impact. Should your LOI merit further interest, you will be invited to submit a full grant proposal.

2024 Grants Timeline *(if invited)*

Applications Open	Application Deadline	Awards Announced
March 1	April 15	Late Q3

Latin America: 2024 Grantmaking Guidelines

Boeing's Focus in Latin America

In Latin America, we are focusing our grants in Brazil, Chile, Colombia, Mexico, Panama and Argentina, as these are the countries in the region with most Boeing strategic partners. In the region, 100% of Boeing funds are invested in education, with focus on the science, technology, engineering and mathematics (STEM) area. We work with the education component of Boeing`s community investment strategy to develop a site-specific plan tailored to the particular needs of our region, focusing our grants on the strategy Our Future: Tomorrow's Innovators.

Goal:

Create cradle-to-career pathways to strengthen and diversify the pipeline of skilled workers entering today's dynamic labor market. Advance 21st-century skills such as knowledge acquisition, creativity, innovation, critical thinking, problem solving, collaboration, media and technology literacy, self-direction and adaptability.

Concentration:

- **Early Learning:** Increase the number of kindergartners who are ready for school, particularly in mathematics.
- **Primary and Middle School**: Generate interest and sustained participation in science, technology, engineering and mathematics (STEM) disciplines through hands-on, experiential learning.
- **High School**: Graduate more students who are ready to enter STEM-related or other high-demand careers and/or STEM-focused postsecondary education.
- **Workforce Preparation**: Prepare veterans, under-skilled adults and young adults for living-wage jobs in high-demand sectors.

Boeing makes investments to advance the work of organizations focused on 21st-century skills development throughout Latin America.

Other Types of Support from Boeing

In Latin America, we have the opportunity to support organizations in the following ways:

- **Business-Related Sponsorships:** Support for these requests are limited and processed locally. For sponsorship requests, please contact Juliana Pavao, community investor, juliana.pavao@boeing.com, at least three months prior to the required funding date.

- **Employee Volunteering:** If you have an opportunity that aligns to our strategy, please contact Juliana Pavao, community investor, juliana.pavao@boeing.com.

Before making contact, please determine that your organization meets eligibility; review the grants eligibility and exclusion guidelines. We do not make capital campaign grants.
