Middle East and North Africa: 2024 Grantmaking Guidelines

Boeing's Focus in the Middle East and North Africa

Boeing's relationship with the Middle East extends back to 1945. Since then, Boeing has established a number of offices across the region, first in Riyadh, Saudi Arabia, in 1982, then a dedicated Boeing Defense, Space & Security office in Abu Dhabi, United Arab Emirates, in 1999; a regional headquarters in Dubai, UAE, in 2005; and a new office in Doha, Qatar, in 2010. In addition, Boeing has field service teams across the region and two distribution centers for airplane spare parts in Dubai. Boeing is an important presence in the Middle East and North America region and in the lives of people living here. We work within Boeing's community investment strategies to develop a site-specific plan tailored to the particular needs of our region, focusing our grants on the strategy Our Future: Tomorrow's Innovators.
